

8-channel 4K Network Video Recorder

1U 8-port PoE 4K and H.265 Lite Network Video Recorder

- H.265 and H.264 Video Compression
- Maximum 200 Mbps Incoming Bandwidth
- Up to 8 MP Resolution for Preview and Playback
- · Simultaneous HDMI and VGA Video Output
- Support for IPC and UPnP Protocols
- Eight (8) PoE Ports
- Support for Automatic Network Replenishment (ANR) Technology

System Overview

Dahua's Lite Series network video recorders offer excellent performance and high recording quality for IP video surveillance applications. For applications where details are critical for identification, this professional NVR provides a powerful processor with up to 4K resolution. Additionally, the NVR features a mouse shortcut operation menu, remote management and control, center storage, edge storage, and back up storage.

Designed as a cost-effective and easy to install recorder, this NVR is an ideal addition to any security system that monitors public spaces, water conservancy, transportation, city centers, schools, and financial institutions.

The NVR is compatible with numerous third-party devices making it the perfect solution for surveillance systems with or without a video management system (VMS). Its open architecture supports multi-user access and it is compatible with ONVIF 2.4, enabling interoperability when combined with 4K cameras.

Functions

4K Resolution

4K resolution is a revolutionary breakthrough in image processing technology. 4K delivers four times the resolution of Full HD 1080p devices and offers superior picture quality and image details. 4K resolution improves the clarity of a magnified scene to view or record crisp forensic video from large areas.

Intelligent Video System (IVS) Recording

Working with IVS-enabled IP cameras, the NVR recognizes and records video that contains IVS data on all IP channels. The NVR records standard intelligence at-the-edge features, as well as premium IVS features that detect abandoned or missing objects, Tripwire violations, and intrusion violations. The NVR is also capable of recording business analysis data — Facial Detection, People Counting, and Heat Map — from IP cameras with built-in Intelligent Business Analytics.

Heat Map

The Heat Map option highlights the areas with the highest concentration of people. This information can then be exported into a customized report to assist in business or forensic analysis.

Automatic Network Replenishment (ANR) Technology

Network Video Recorders with the ANR function automatically store video data on an IP camera SD card when the network is disconnected. After recovery of the network, the NVR automatically retrieves the video data stored on the camera.

Smart Add

The Smart Add function makes installing an IP surveillance system quick and easy. The NVR automatically detects and lists IP cameras connected to the same router as the NVR. This automatic detection makes adding cameras to the NVR a seamless process.

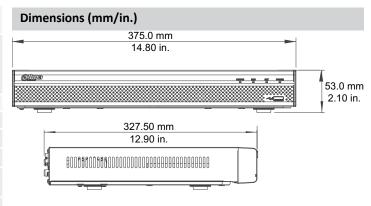

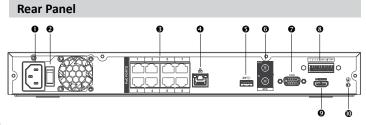

Technical Specification		Third-party Support		
System Main Processor	Embedded Quad-core Processor	Third-party Support	Dahua, Arecont Vision, AXIS, Bosch, Brickcom, Canon, CP Plus, Dynacolor, Honeywell, Panasonic, Pelco, Samsung, Sanyo, Sony, Videotec, Vivotek,	
Operating System	Embedded Linux		and others	
Audio and Video		Network		
IP Camera Input	Eight (8) Channels	Ethernet	One (1) RJ-45 Port (10/100/1000 Mbps)	
Two-way Talk	Input: One (1) Channel, RCA Output: One (1) Channel, RCA	РоЕ	Eight (8) Ports (IEEE802.3af/at)	
Display			HTTP, HTTPs, TCP/IP, IPv4/IPv6, UPnP, RTSP, UDP,	
Interface	One (1) HDMI One (1) VGA	Network Function	SMTP, NTP, DHCP, DNS, IP Filter, PPPoE, DDNS, FTP Alarm Server, IP Search (Support for Dahua IP cameras, DVRs, NVS)	
Native Output Resolution	3840 x 2160, 1920 x 1080, 1280 x 1024, 1280 x 720, 1024 x 768	Maximum User Access	128 Users	
Maximum Decoding	Two (2) Channels of 4K/6 MP at 30 fps Three (3) Channels of 5 MP at 30 fps Four (4) Channels of 4 MP/3 MP at 30 fps	Mobile Operating System	IOS, Android	
0	Four (4) Channels of 1080p at 30 fps Eight (8) Channels of 1080p at 60 fps	Interoperability	ONVIF 2.4, CGI Conformant	
Multi-screen Display	1/4/8/9	Storage		
On-screen Display	Camera Title, Time, Video Loss, Camera Lock, Motion Detection, Recording	Internal HDD	Two (2) SATA III Ports, Up to 8 TB capacity for each HDD

Intelligence

IVS triggers an alarm and takes a defined action for the following events:				
Standard Features	 Tampering with the camera. Camera loses or changes focus drastically. Error writing to an onboard Micro SD card. Error sending or receiving data over the network. Unauthorized access to the camera. 			
Premium Features				
Motion	An object moves through any part of the scene.			
Tripwire	A target crosses a user-defined line.			
Intrusion	A target enters or exits a defined perimeter.			
Scene Change	A person or object moves the camera to change the scene or covers the camera to obscure the scene.			
Abandoned/Missing Object	A target leaves an object in designated area, or a target removes an object from the same designated area.			
Advanced Features (records data from IP cameras with Advanced Features)				
Facial Detection	Detects and captures a snapshot of a human face in a defined area within a scene.			
People Counting	Measure the number of customers, visitors or passengers in a surveillance scene.			
Heat Map	Generates a visual representation of data.
